Independent Auditor's Report

Board of Directors
Lorson Ranch Metropolitan District No. 3
El Paso County, Colorado

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities and each major fund of Lorson Ranch Metropolitan District No. 3 (the "District") as of and for the year ended December 31, 2020, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Lorson Ranch Metropolitan District No. 3 as of December 31, 2020, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States.

Other Matters

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's financial statements as a whole. The supplementary information as listed in the table of contents is presented for the purposes of legal compliance and additional analysis and is not a required part of the financial statements. The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

The other information, as listed in the table of contents, has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Sincerely,

Wipfli LLP
Lakewood, Colorado

LORSON RANCH METROPOLITAN DISTRICT NO. 1
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 1 DEFINITION OF REPORTING ENTITY

Lorson Ranch Metropolitan District No. 1 (the District), a quasi-municipal corporation and political subdivision of the state of Colorado, was formed on December 2, 2004, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's service area is located in El Paso County, Colorado. The District was established to provide financing for the acquisition, construction, and installation of streets, traffic and safety controls, parks and recreational facilities, water, storm drainage, sanitation, fire protection, and mosquito control. Under the Consolidated Service Plan, the District is the Service District related to Lorson Ranch Metropolitan District Nos. 2-7 (Districts) known as the Financing Districts to serve a new community to be known as Lorson Ranch.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations, and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens, and fiscal dependency.

The District has no employees, and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization (including District Nos. 2-7), nor is the District a component unit of any other primary governmental entity.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues.

The statement of net position reports all financial and capital resources of the District. The difference between the sum of assets and deferred outflows and the sum of liabilities and deferred inflows is reported as net position.

LORSON RANCH METROPOLITAN DISTRICT NO. 1
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include: 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for the governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are property taxes, intergovernmental revenue, and specific ownership taxes. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

The Capital Projects Fund is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

LORSON RANCH METROPOLITAN DISTRICT NO. 1
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures and other financing uses level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District has amended its annual budget for the year ended December 31, 2020.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash and investments.

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflow of resources in the year they are levied and measurable. The unearned property tax revenues are recorded as revenue in the year they are available or collected.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

LORSON RANCH METROPOLITAN DISTRICT NO. 1
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Capital Assets (Continued)

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress, and are not included in the calculation of the net investment in capital assets component of the District's net position.

The District incurred cost to upgrade the drainage system for the JCC Channel. These costs are not depreciable and the District will maintain the JCC Channel. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

Depreciation expense has been computed using the straight-line method over the following estimated economic useful lives:

Parks and Recreation	40 years
Monumentation and Landscaping	40 years

Deferred Inflows of Resources

In addition to liabilities, the statement of net position reports a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period and so will not be recognized as an inflow of resources (revenue) until that time. The District has one item that qualifies for reporting in this category. Accordingly, the item, *deferred property tax revenue*, is deferred and recognized as an inflow of resources in the period that the amount becomes available.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the District's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

LORSON RANCH METROPOLITAN DISTRICT NO. 1
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity (Continued)

Fund Balance (Continued)

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2020, are classified in the accompanying financial statements as follows:

Well,

Cash as of December 31, 2020, consist of the following:

Deposits with Financial Institutions	<u>\$ 125,793</u>
--------------------------------------	-------------------

LORSON RANCH METROPOLITAN DISTRICT NO. 1
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2020

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2020, the District's cash deposits had a bank balance of \$141,784 and a carrying balance of \$125,793.

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk or investment custodial risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- . Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- . Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- . Certain money market funds
- . Guaranteed investment contracts
- . Local government investment pools

As of December 31, 2020, the District had no investments.

Series 2012 Limited Tax General Obligation Bonds

On June 1, 2012, the District authorized the issuance of Limited Tax General Obligation Bonds, Series 2012 (the Bonds) in the aggregate principal amount of \$13,929,164 with an annual interest rate of 10%, maturing July 1, 2041, for the purpose of financing and refinancing the public infrastructure. The Bonds are payable January 2 and July 1, commencing on January 2, 2013. The Bonds are subject to redemption prior to maturity, at the option of the District, on any date upon payment of par and accrued interest, with no redemption premium. The principal and interest on the Bonds are payable solely from and to the extent of Pledged Revenues, which may or may not be sufficient to pay the principal and interest on the Bonds. The Bonds have no set principal payment schedule. The proceeds were used to repay developer advances for capital costs.

The Series 2012 Bonds are Cashflow Bonds, because of the uncertainty of the timing of the principal and interest payments on the Series 2012 Bonds, no schedule of principal and interest payments is presented.

Developer Advances

The District has entered into Funding and Reimbursement Agreements with Eagle Development company (Developer) as follows:

Funding and Reimbursement Agreement for Operations and Maintenance Costs

On February 10, 2005, the District entered into a funding and reimbursement agreement for operations and maintenance costs (Operation Agreement) with the Developer. The Developer has agreed to advance up to \$290,000 through December 31, 2005, to fund the costs of operations and maintenance. The operation agreement is subject to renewal on an annual basis as deemed appropriate by the Developer. Such advances include an interest rate of 8.0% and are to be reimbursed by the District with the proceeds of any future bond issues or any other available revenues of the District. Any reimbursement is subject to annual appropriation by the District and is contingent upon the District's ability to generate sufficient revenues, after payment of annual operating expenditures and debt service requirements.

On February 3, 2020, the District amended the operation agreement. All future advances will bear interest at 2.00% plus the current Federal Reserve Board Prime Rate per annum and matures on February 3, 2021. This operation agreement was extended through December 31, 2021. As of December 31, 2020, outstanding principal was \$11,174 and accrued interest due to the Developer was \$4,055.

Funding and Reimbursement Agreement for Capital Costs

On February 10, 2005, the District entered into a funding and reimbursement agreement for capital costs (capital cost agreement) with the Developer. The Developer has agreed to advance up to \$9,300,000 through December 31, 2005, to fund the costs of capital projects. The capital cost agreement is subject to renewal on an annual basis as deemed appropriate by the Developer. Such advances include an interest rate of 8.0% and are to be reimbursed by the District with the proceeds of any future bond issues or any other available revenues of the District. Any reimbursement is subject to annual appropriation by the District and is contingent upon the District's ability to generate sufficient revenues, after payment of annual operating expenditures and debt service requirements.

On February 3, 2020, the District amended the capital cost agreement increasing the maximum advances to \$300,000,000. All future advances will bear interest at 2.00% plus the current Federal Reserve Board Prime Rate per annum and matures on February 3, 2021. This capital cost agreement was extended through December 31, 2021. As of December 31, 2020, outstanding principal was \$10,007 and accrued interest due to the Developer was \$4,109.

As of December 31, 2020, the Developer has an outstanding balance due to the District in the amount of \$62,262.

Authorized Debt

According to the District's Consolidated Service Plan, the District is authorized to issue General Obligation Debt in an amount not to exceed \$300,000,000.

On November 2, 2004, a majority of the qualified electors of the District authorized the issuance of indebtedness in an amount not to exceed \$2,400,000,000 at an interest rate not to exceed 18% per annum. \$22,589,855 was utilized to issue the bond anticipation notes and \$32,120,309 was utilized to issue Series 2011 and 2012 Bonds. At December 31, 2016, the District had remaining authorized but unissued indebtedness from this election of \$2,345,289,836 for street improvements, traffic controls, parks and recreation, water supply, sanitation, mosquito control, operations and maintenance, and debt refunding as follows:

NOTE 6 NET POSITION

The District has net position consisting of three components – net investment in capital assets, restricted, and unrestricted.

Net investment in capital assets consists of capital assets, net of accumulated depreciation, and reduced by the outstanding balance of bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of assets. As of December 31, 2020, the District had net investment in capital assets calculated as follows:

Net Investment in Capital Assets:	
Capital Assets, Net	\$ 7,326,764
Noncurrent Portion of Outstanding Long-Term Obligations	(1,404,123)
Net Investment in Capital Assets	<u>\$ 5,922,641</u>

NOTE 6 NET POSITION (CONTINUED)

Restricted assets include net position that is restricted for use either externally by creditors, grantors, contributors, or laws and regulations of other governments, or imposed by law through constitutional provisions or enabling legislation. As of December 31, 2020, the District had restricted net position as follows:

Restricted Net Position:

Emergencies	\$ 16,500
Total Restricted Net Position	<u>\$ 16,500</u>

The District has a deficit in unrestricted net position. The deficit amount is a result of the District being responsible for the repayment of notes and other obligations issued for public improvements which were conveyed to other governmental entities and which costs were removed from the District's financial records.

NOTE 7 RELATED PARTIES

The members of the Board of Directors of the District are employees, owners of, or otherwise associated with the Developer, the Landhuis Company, Saint Aubyn Homes, LLC, and Affirmed Financial Services, LLC, holders of the District's outstanding bonds, and may have conflicts of interest in dealing with the District. See Note 5 concerning advances made by the Developer and Note 2 concerning the receipt of district fees.

The District has an agreement with Landhuis Brokerage & Management Company (Company) to provide management services. During 2020, the District paid the Company \$29,195 for management services.

The Developer has entered into various construction contracts on behalf of the District. Payments on the contracts are made when progress billings are received.

NOTE 8 INTERGOVERNMENTAL AGREEMENT

District Facilities Construction and Service Agreement

On January 27, 2005, the District entered into a District Facilities Construction and Service Agreement (Master IGA) with Lorson Ranch Metropolitan District Nos. 2-7 (Financing Districts). Under the terms of the agreement, the Financing Districts will, over a period of years, levy sufficient taxes to pay to the District the costs of construction, acquisition, and equipping of certain public facilities and services and the related operations and maintenance costs.

In return, the District has agreed to acquire, construct, and equip the facilities, provide for their operations and maintenance, and provide service to the property within the District, or convey facilities to other entities that will provide the service.

NOTE 9 INTERFUND TRANSFERS

The transfer from the Capital Projects Fund to the Debt Service Fund was related to a capital reimbursement received that was included in the Series 2012 Bonds.

NOTE 10 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool). The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property, public officials' liability, and workers compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 11 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue, and debt limitations which apply to the state of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the Emergency Reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.

NOTE 11 TAX, SPENDING, AND DEBT LIMITATIONS (CONTINUED)

On November 2, 2004, a majority of the District's electors authorized the District to collect, retain, and spend any revenue from sources other than ad valorem taxes annually without regard to any limitations imposed by TABOR. Additionally, the District is authorized to increase ad valorem taxes annually, up to \$1,000,000 or a lesser amount, as may be needed to pay the District's operations, maintenance, and other expenses, without limitation contained within Article X, Section 20 of the Colorado Constitution.
